

Enter the operation you want to do: 2
Enter the numbers you want to subtract: 7 12
The difference of 7 and 12 is -5

Enter the operation you want to do: 3
Enter the numbers you want to multiply: 12 13
The product of 12 and 13 is 156

Enter the operation you want to do: 4
Enter the numbers you want to divide: 24 2
The division of 24 and 2 is 12.000000

Enter the operation you want to do: 5
Enter the numbers you want to find modulus of: 23 2
The modulus of 23 and 2 is 1

Enter the operation you want to do: 6
Enter the base and the power: 3 3
The power is 27

Enter the operation you want to do: 7
Enter the number you want the factorial of: 5

Factorial of 5 is 120

Enter the operation you want to do: 8
Enter the number you want the square of: 12
The square of 12 is 144

Enter the operation you want to do: 9
Enter the number you want the cube of: 10
The cube of 10 is 1000

Enter the operation you want to do: 10
Enter the number you want the square root of : 144
The square root of 144 is 12

Enter the operation you want to do: 0
